40K
Rated

THE DIFFERENCE IS IN THE DETAILS

Like all Bingham Industries products, the little things set us apart from our competitors. Our unwavering commitment to always building the best product is on full display in this 40,000 PSI rated dump pedal.

Modular Design

Feature

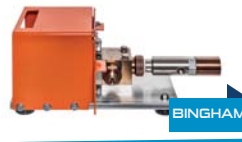

No sand-cast part. Every piece is made from billet Aluminum.

Quick Change Cartridge

Feature

Unthread. Replace. Thread. Quick replacement saves money.

Low-Profile Performance

Feature

The smallest, lightest 40K pedal available on the market.

Anti-Vibration Feet

Feature

Anti-Vibration pads prevent the pedal from wandering on the job.

Hardened Block

Feature

A Stainless Steel block prevents any chance of cartridge damage.

Ultra-safe Dump Tube

Feature

The thickest, safest dump tube in the industry for added safety.

C-40 Style Cartridges

Feature

This pedal accepts Jetstream C-40 cartridges.

Hose Protection Wings

Feature

Provides space to work a wrench while keeping hose fittings safe.
