

# Cartridges & Valve Repair

Quality craftsmanship at an affordable price

## Features

### Innovation in every component

Bingham Industries set out with the goal of designing a line of compatible cartridges that can meet or exceed original manufacturer specifications at a better price point.

#### Manufacturing Performance

Tight tolerances and high quality machining practices lead to longer life

#### Improved O-Ring Quality

Always UHP rated o-rings for longer life and better sealing capacity.

#### Better internal seal life

Improved seals inside the cartridge body provide for longer life and better sealing
