

## WATERJET PROTECTION

### Up to 40,000 PSI

*The worlds only UHP rated safety suit offering full 360 degree protection*

UHP rated safety suits from Bingham Industries provide a level of protection not found anywhere else. Our proprietary safety fabric is used throughout each article of safety clothing we offer, providing full protection with no exposed or vulnerable areas. Each safety suit is light-weight, easy to clean and provides the user with complete mobility. No other company can offer a product that provides 360-degree neck-to-foot coverage.

40,000 PSI	3.1 GPM	.034	2800	3 In.	15 In/Sec	No penetration
2758 Bar	11.74 LPM	.86 mm	2800	76 mm	.38 M/Sec	No penetration

## SAFETY WARNING

*Never intentionally hit someone with a high pressure stream of water.*

No UHP safety equipment is capable of preventing all injuries. If worn properly, this suit can lessen the severity of injury from accidental exposure to a UHP waterjet. All safety equipment should be used in strict accordance with the manufacturers recommended instructions.
